Mrs. Hoover Christens the Navy's Big Dirigible Akron—President Forms Relief Plans for Next Winter.

By EDWARD W. PICKARD

Mrs. Hoover, who journeyed from Washington to Akron, Ohio, and there graciously christened the world's largest dirigible, the Akron, which has been built for the United States navy. As the First Lady pronounced the name of the huge airship, the traditional ceremony of releasing a flight of white pigeons was observed. Before the christening the monster was brought to life by the inflation of twelve of its cells with helium gas, enough to raise it about ten feet from its cradle. It was then "walked" sideways forty feet and secured as in actual operation by sand ballast, so it was really aloft when Mrs. Hoover set free the floating pigeons to carry messages of the event to the various navy stations.

The trials of the Akron will take place in the latter part of August or early in September, under supervision of a board of inspection and survey. They will consist of five or six flights of various duration, including one of forty-eight hours, to determine speeds, fuel consumption, endurance, structural integrity of parts and other details of performance and handling.

If the trials prove satisfactory the Navy department will accept the Akron and have it down to Lakehurst for commissioning and docking.

MORE trouble for the federal farm board developed during the week in the form of "civil war." It is now under fire from within its own ranks as the result of the fight between the farmers' National Grain corporation and the Farmers' Union Terminal association of St. Paul, on the one hand, and the Northwest Grain association on the other.

Like others, the Northwest Grain association protests that the government's helping hand is not being stretched out to all alike. Ten other co-operatives and farm organizations have supported a resolution to that effect.

The side the board has taken is that of the management of the Farmers' National. Chairman James C. Stone reiterated that the board would not finance competition among the northwest co-operatives, which was tantamount to saying that the Northwest Grain association must come into line or it will not have its loan renewed.

The Farmers' Union Terminal association contains many of the old non-partisan league crowd. Among its active supporters has been Senator Gerald P. Nye, insurgent Republican of North Dakota.

While the row goes back to fundamental differences between the two groups, the more immediate cause of the crisis lies in the recent policy of the Farmers' National to take over the marketing activities of the twenty-five co-operatives composing its list of stockholder members.

The Farmers' Union Terminal association was the first co-operative in the Farmers' National and it now owns 30 per cent of the Farmers' National stock outstanding. According to the program of the central organization, it sold out its marketing facilities to the Farmers' National. The Northwest Grain association, however, refused to sell. Briefly, it gave as its reason that with the power exercised by the Farmers' Union Terminal association in the National and the close ties existing between the terminal association and the National management, it soon would be forced entirely

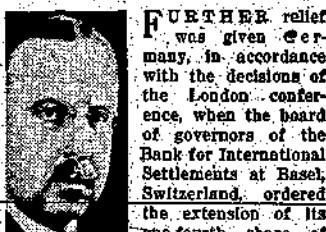

out of the picture.

PRESIDENT HOOVER. In a long conference at his Virginia week-end camp with Secretary of Labor Doak, virtually completed his plans for the organization of government and charitable agencies to care for the unemployed and others in distress during the coming winter. Mr. Hoover is unchanged in his opposition to anything like a dole, or direct government assistance, and will continue to rely on organized charity. He is willing, however, that the army should be used as a distributing agency, as it is in the times of flood disasters, and to communities where distress is acute there will be loans of army blankets and supplies. The Red Cross will be, as heretofore, the backbone of the relief organization.

Mr. Doak presented to the President a report from the recent survey of conditions throughout the country. Neither of them would make public the estimate of the number of people who would be out of work during the coming winter, but both admitted that it would be little different from last year.

However, it was learned that the President, as head of the Red Cross, has directed the Red Cross to start a new drive to raise funds and that the machinery has already been set in motion. He also has issued the necessary instructions to the army to have concentrated at the various bases, most of which are located near the big industrial centers, all of the surplus property available should they be called upon to use it.

By an almost unanimous vote in a provincial plebiscite Catalonia gave its enthusiastic approval to a constitution which defines the liberties of the people and fixes the status of the province as autonomous within the Spanish republic. If this is not granted by the new government of Spain, the Catalans seem willing to fight for it under the leadership of that elderly patriot, Col. Francisco Macia. The apparent danger of Catalonia lies in the fact that Macia and his followers have given commitments to the syndicalists who form the huge labor organization and who are already threatening a general strike if their demands, including higher wages for family men, are not granted. Macia promised his friends he would be able to get out of this difficulty when the time was ripe.

A. H. WIGGIN. The extension of its one-fourth share of the \$100,000,000 loan for a maximum of three months beyond August 5, the date it fell due. It was assumed this action would be initiated by the other participants in the loan, the American Federal Reserve bank, the Bank of England and the Bank of France.

The governors set Saturday, August 8, as the date for the committee of

(Continued on next page)

TWO CARS IN HEAD-ON COLLISION ON US 27

Five persons, all residents of Bellevue, Ohio, are being treated at Grayling Mercy Hospital for injuries received at 2:00 o'clock this morning in a head-on collision of a Ford sedan and an Essex sedan. The accident occurred on the curve on US-27 near where the Skingley gas station was formerly located. The injured are Mrs. Walter Patrick, age 48 of 131 Atwood Terrace, Bellevue, G., who is suffering from bad bruises and shock. Her two sons Russell, age 18 and Thomas age 9, have severe injuries to their faces, jaws badly lacerated and teeth knocked out. Charles Humphrey, age 62 years and father of Mrs. Patrick has injuries to his legs. Garnet Odgers, age 17 and a pal of Russell Patrick, who was driving at the time of the accident has had lacerations on his face. There were two cars in the Patrick party, all on their way to Calumet to visit relatives at a summer resort and the two boys, Russell Patrick and Garnet Odgers were taking turns driving.

Lloyd Sawyer, of Vanderbilt was the driver of the Essex and riding with him was Claude Severer of Wolverine. Both men received minor bruises and scratches.

The occupants of the Patrick car report they were driving about 35 miles an hour at the time of the crash and that the Essex was traveling on the wrong side of the road. The crash took place at two o'clock, but it was between three and four o'clock before the injured people were gotten to Mercy Hospital.

Corwin's wrecker went after the cars this morning and they are in the rear of the garage, and from the looks of them it is a wonder the occupants of either car escaped with their lives.

Sawyer and Severer had their wounds dressed at the hospital and were dismissed. Little Thomas Patrick is reported as being in quite a serious condition.

FINISH MICH. AVE. PAVING SATURDAY

J. W. Pennycook of Cadillac and his crew are busy on the Michigan avenue pavement. It will be remembered that this highway was constructed last fall but proved to be a failure. Mr. Pennycook, the contractor, agreed that he would return this year and make it over. This he is doing at this time.

The old pit holes were filled and cemented and now a ten-ton roller is smoothing them over. This patchwork will be followed by three coats of dressing. It looks very much as though this would, when finished, be a highway to be proud of.

Michigan avenue is a fine residence street and deserves a good highway. Mr. Pennycook says the job will be finished by next Saturday.

"Young Tommy" Opao

"Young Tommy" Fernando Opao, the new Filipino flyweight boxer whose sensational battles since his debut less than two years ago, have led his own countrymen to call him a successor to that other great Filipino boxer, the late Pancho Villa, world flyweight champion, has arrived in the United States. He came by way of the Hawaiian Islands, where he stopped long enough to defeat all comers.

STRANGE AS IT SEEMS—By John Hix

CHURCH VOTES REDUCED SALARY

Parishioners of Michelson Memorial church remained after service Sunday morning to discuss future financing of the church. Dr. D. H. Glass, Dist. Supt., was in charge of the meeting. Mr. Fred R. Welsh, President of the Board, stated that the entire sum for the present year which ends in September, had been pledged and he was quite confident it would be paid, but next year's budget was the problem. In view of present conditions it was voted to cut the pastor's salary to \$1,800. The present salary being \$2,500.

It was also suggested that one service on Sunday be held during the winter to save fuel and electricity. This will come up for decision later on.

There was a good representation of the church present and every effort will be made to keep the church and Sunday School up to standard.

ONLY TWO MORE SUNDAYS AT INTERLOCHEN

Only two more Sundays—only four more Sunday concerts—at the magnificent Interlochen Bowl! For those procrastinating individuals who plan to go "next time," the precious opportunities are flying by and soon the 1931 season will be only a pleasant memory. Plan to attend all the remaining concerts.

Next Sunday afternoon, Vladimir Bakaleinikoff, assistant conductor of the Cincinnati Symphony Orchestra, and our own distinguished faculty member as well, will conduct the National High School Orchestra in the beautiful Brahms Symphony No. 4. In 1929 at the beginning of the camp's second summer when the need for added stimulus was greatly felt, Mr. Bakaleinikoff joined the teaching staff, bringing not alone talent and charming personality but a brilliant record of achievement and recognition from his colorful career in Europe.

In the evening the National High School Band under the direction of their splendid leader, Austin Albert Harding, will give another of their extraordinary programs. The arrangement of "Vetava," Smetana's exquisite tribute to a magnificent stream, the Moldau, of his native Bohemia, to be played in the first group is especially beautiful. The second part of the program will include the Von Weber "Concertino for Clarinet" played by a group of soloists selected from the band.

It is well to remember that this leaves but one other opportunity to make the Sunday trip to Interlochen and it is hoped that many new friends as well as the many faithful friends of this and other seasons will come down the path to the famous Bowl and the last concerts of 1931.

CARD OF THANKS

We wish to thank the neighbors and friends and the members of I. O. O. F. lodge for their many acts of kindness and expressions of sympathy in our recent bereavement. Also we wish to remember Rev. Greenwood and Rev. VanDerWater and the choir for the services rendered.

Mrs. Peter E. Johnson, Mr. and Mrs. Ray Havens, Mr. and Mrs. Emil Johnson, Mr. and Mrs. Arthur Johnson, Mr. and Mrs. Lawrence Shoemaker, Mr. and Mrs. Harry Norwick, Mr. and Mrs. Roswald Kelly, Mr. and Mrs. George Sorenson.

WINTER SPORTS MEETING

It seems a little out of season to be talking Winter Sports, when temperatures vary and sometimes get to 94 degrees. But anyway a number of interested persons have called a meeting of those interested in Winter Sports to meet at the American Legion hall tonight at 7:30 o'clock. Right now however is the time to make plans and get them under way and then when the season comes the committees will be able to put things over with a bang.

Grayling, the Capital City of Winter Sports has made a success each winter of this affair, but as yet some things have had to be done in a crude way owing to lack of finances. So if you are interested in Winter Sports and we know most of us are, let's get out to the meeting tonight and give our opinions pro and con for it.

Don't forget the hour 7:30 o'clock. It is planned to organize a Winter Sports association at this time.

LIBRARY NOTES

Our librarian, Mrs. Elizabeth Foley, announces that during these hot days she is having many calls for light entertaining fiction. The library Board have therefore made a special effort to meet this demand and a group of new carefully selected titles are now available.

Mrs. Foley recommends a visit to the library, not only to enjoy drawing out a new book but to linger and enjoy both the newly decorated chairs and tables, and the recent magazines.

CONSERVATION COM. CHANGES MEETING TIME

Lansing, Aug. 12—Meetings of the Conservation Commission will be held the second instead of the first Friday of each month in the future. The change in the time of the meetings was made so that financial reports of the Department for the preceding month would be available.

VOTE TO DISCONTINUE MONTMORENCY BANK

The directors of the Montmorency county bank at a meeting held two weeks ago, have decided to discontinue the banking business. The Alpena Trust and Savings Bank has purchased the entire assets and will assume any liabilities there may be. The bank is located at Hillman.

During the past two years, the bank has experienced a shrinkage of totals, and it is evident that the business is not large enough to carry the overhead necessary for the operation of an independent bank. The bank was established in 1926. Gaylord Herald Times.

Stack

Then there is the man who thought he would play a joke on the Post Office department by addressing a letter to "Mars" and sticking a two-cent stamp on it. But it was returned to him marked, "Insufficient Postage."

COMING

Dr. A. S. Allard, optometrist, will be in Grayling at Shoppensons Inn Wednesday afternoon, Aug. 26. Have the children's eyes examined before starting school. No glasses prescribed unless needed. Glasses fitted that give results at reasonable prices. Remember the date, Wednesday, August 26.

DR. A. S. ALLARD, Optometrist.

WINTER SPORTS

Everyone interested in the continuance and the maintenance of Winter Sports in Grayling is urged to attend a meeting at

American Legion Hall Thursday Night Aug. 13 7:30 O'clock

This meeting is for the purpose of organizing a

Grayling Winter Sports Association

If you are at all interested, come out and voice your opinion on the subject.

OVERCROWDING STATE PARKS

Overcrowding in many of Michigan's state parks has forced the Parks Division of the Department of Conservation to take steps to conserve space along the bathing beaches the camping grounds and the automobile parking places.

Camping privileges have been reduced from two weeks to seven days in the parks in six southern Michigan counties. Crowded conditions made it necessary to give as many people a chance to use the camping grounds as possible. The seven days limit exists in the parks in Oakland, Livingston, Macomb, St. Clair, Ottawa and Bay counties.

The former limit of two weeks still remains in all other state parks in Michigan but it is expected that next year it may be necessary to extend the seven days limit to parks in other counties to give everyone an opportunity to utilize the parks for camping.

The parking problem at many of the parks is now becoming an important consideration. For all practical purposes each automobile must be allotted a space 16 by 10 feet. At the Bay City State Park, for instance, as many as 12,000 automobiles have been parked within the grounds in one day. These automobiles utilized 35 acres of land. On the western side of the state many parks have had the same experience. Just the direction of the traffic involves considerable labor. Often it is necessary to ask the assistance of the state police.

With a constant growth in the number of visitors the finding of sufficient space to accommodate everyone is perhaps the biggest problem facing the Parks Division. Even many of the bathing beaches have become so overcrowded that it has been necessary to purchase additional water frontage.

Theme: The Modern Machine—Master or Servant?

The Meaning of the Cross.

"A highly intelligent man told me how he saw the cross and was redeemed. 'He had a beautiful, intelligent and innocent-minded wife. He was true to her until he went to Europe, but there he took his first misstep. He continued the secret unfaithfulness after he came back. The innocence and trust of his wife often stabbed him like a knife. Then came the crisis when he knew he would have to tell her. He dreaded it. He was afraid that her anger would wither him, and that she would leave him. He told her the whole shameful story. He said, 'I can never forget the look of anguish that came over her face as the meaning of what I had done dawned upon her. She turned pale and clutching at the pain in her heart, she sank upon the bed. I could see my sin torturing her. Then she arose and I expected the storm to break on me, but instead she said, 'I love you still, and I will not leave you.' 'Then I saw in the anguished love of my wife the meaning of the cross. I was a redeemed man from that hour.' And his subsequent life has shown it."—Stanley Jones.

DEPT. OF STATE STATE NEWS BULLETIN

Present state regulations regarding the manufacture, distribution and sale of oleomargarine and other butter substitutes will not be changed until after November, 1932.

The 1931 legislature enacted a law repealing the present statute regarding oleomargarine and prohibiting the distribution and use of colored oleo. The 1931 act also placed a license tax on the manufacture, distribution and sale of the uncolored product.

A petition calling for a referendum on the 1931 act was filed with the Department of State early in August, and a check by the department showed that there were over 50,000 signatures on the petition. As only slightly over 42,000 signatures are needed under the constitution, the 1931 act cannot be made effective until after it receives a majority vote at a general state election.

The next state election will be held a year from next November and until that time, present oleo regulations will remain in force.

Over a half million Michigan automobile drivers will be unable to drive after Nov. 1, unless there is a great increase in the number of applications for licenses within the next few weeks.

With about 10-weeks remaining before Nov. 1, automobile drivers are apparently planning to wait until the "last minute" before applying for the new license. Every driver whose old license was issued before Jan. 1, 1925, must obtain a new one by Nov. 1, and Department of State records indicate that 500,000 is a conservative estimate of the number who may be prevented from driving, if applications continue to be made at the present rate.

YOUNG CRAWFORD COUNTY COUPLE MARRIED

On Friday afternoon at the parsonage of Michelson Memorial church occurred the marriage of two well known young people of the county, when Miss Hazel I. Confer became the bride of Albert Hugo Schreiber.

Rev. J. W. Greenwood officiated at the ceremony and the young couple were attended by Miss Eveline Confer, sister of the bride and Ernest Corwin.

The bride is the daughter of Bert Confer of Beaver Creek township and the groom the son of Hugo Schreiber, Jr., of South Branch township. The young couple have the best wishes of a host of friends.

MICHIGAN AFFAIRS

BY A. H. GANSBER

Michigan's Midsummer Advantage

Lifelong residents of Michigan have always lauded their happy home situation. And those who traveled most and farthest, were always the first to express appreciation of this rich region of lakes and streams; of woods and farms; of crowded industrial communities and far off primitive regions. After seeing the historic places of Europe, Asia and Africa; they become enthusiastic founders of our new popular slogan: "See America First." Take the historic lore out of these foreign travels, and see our own fortunate continent loom. The Alps have much tourist attraction. But our own Rockies can be made even more alluring for the summer vacationist. The Rhine has nothing on our own Hudson, and a thousand similar streams. The ancient cities of the Old World can show much poverty and decay. Once seen, our own dynamic cities, all developed within the last 100 years, offer much more modern education and timely diversion. To have gone to Norway may be very exclusively satisfying. But one can see more at Mackinaw and the far reaches of Lake Superior and Isle Royal, in a week, than one may find over there in a month. An inferiority complex may have had something to do with the old rush for foreign countries, at all seasons. Certainly much of that migration was America's loss and the Old Country's gain. Some of it was due to ingenious advertising and shrewd business appeal for American tourists. Little by little, American business men, communities and states, have mastered this fine art of winning the favors of Americans, vacation bent. Michigan has many special and unrivaled attractions for summer vacationists, but until very recently, has done little to capitalize them.

More Joys In Life

This very year some of Michigan's best known communities are celebrating their 100th anniversary. And most of them are commemorating the coming of their first pioneer, the erection of their first log cabin, in a wilderness of forest, peopled only by Indians. Indicating how short has been our existence as a sovereign state. Then came the long years of heartbreaking toil, to win producing farms from these primitive forests. Our sister states had similar pioneer tasks and problems. They lived from day to day and from hand to mouth. The very money that built our railroads, waterways and high roads, came from Europe. To wipe out those international debts, our pioneer Americans had to toil from early morning until late at night, even in our factories. The pay was small. So there was neither time or money for leisure and the finer things of life. But these very sacrifices of America's pioneers, laid the foundation for the wealth and leisure that is ours today. Little by little, American genius, often driven on by sheer necessity, invented machinery and methods for lightening the burdens of our American farmers and workmen. Little by little the log cabin gave way to modest farm homes and the little red school house. With more leisure came more education and enlightenment. The privileges that once were the heritage of only the favored few, are today the everyday delight of the average American. Business depressions of fifty years ago, were usually due to adverse weather conditions, and the failure of farm crops. The historic lean years of Egypt of old, were repeated here in America. But right now we have an era of over-production and under-consumption. We have mastered yellow fever in the southland, and abolished the "boll-weevil" that ruined our cotton crops. We tie drain our modern farms, and so defy an unusually wet season. Modern water supply devices an unusually dry season.

Leisure Time For All

Today we have fewer farms, and yet produce more food. We have learned how to get more out of every acre of farm land, year after year. Some years ago, college experts were busy figuring how soon this world would be overcrowded with people, at the rate of population increase, and there would not be food enough for all. Today we are confronted with the problem of finding people to eat our surplus wheat, corn, meat, sugar, and the like, and to find a market for our cotton and surplus tobacco. And all this abundance at a time when there are hundreds of millions of people in Europe and Asia, actually suffering for want of the same. But this is a problem for our international bankers and business men to solve. Politicians of the old school will never solve it, along political lines. For it is the tremendously new and acute problem, involving the distribution of the earth's products and wealth, so that it will bring happiness and prosperity to the greater number. Here in America we need first of all to remember that 90% of all our business is home business. Only 10% is export business. That being so, it is imperative that we get our own industrial and agricultural house in order. Even in these days of international business depression and readjustment, America exported goods worth \$200,000,000 more than we imported. That is less than our balance of trade with the world, three years ago. But it is clearly very much in our favor. Then why all this business gloom, in the richest and happiest country in all the world? One need but visit Michigan's state parks, and motor about our lakebound shores in this mid-summer season, to realize that hundreds of thousands of Americans are giving their own answer. The bonanza days of easy money may be

The Log Office Says

Interesting bits of news and comment about Northern Michigan gathered by the E. M. T. A.

The tourist and resort business in East Michigan is passing through its best years. An analysis of the varied reports received from different parts of the section goes to show that hotels and cottages generally are enjoying a 25 per cent increase this season. This conclusion is substantiated by a recent check at E. M. T. that showed that thus far this year the association has received 25 per cent more inquiries than last year.

Although no definite claim can be made, the inquiries received seem to indicate that a better class of people constitute a large portion of the vacationists in East Michigan this summer.

The association's observations are backed up further by a report from the Parks Division of the Conservation Department that all state parks are breaking attendance records.

The increase in tourist business is just one more proof that it pays to advertise, and is just another indication that Michigan possesses at least one "depression proof industry"—the tourist and resort industry.

As every picture tells a story, this little picture points the moral that

since advertising has brought and is bringing dollars and cents into Michigan the one thing to do to bring more money into the state is to KEEP ON ADVERTISING ITS ADVANTAGES.

This year's Water Carnival is history in the minds of Michiganers, but the publicity it garnered for Michigan in advance, through its progress and after its close, through the means of the radio, newspapers and magazines has resulted in many requests into E. M. T. for information on the advantages and facilities of our state.

Those asking for general information are forwarded Guides and Blue Books while those seeking specific information have their questions answered definitely in personal letters.

It is the publicity obtained from affairs like the carnival together with the constant follow-up by E. M. T. that helps materially to make Michigan truly "The Playground of the Nation."

Hold your breath! Within the next few weeks something is liable to happen that will put northern Michigan into the minds of people throughout the United States.

Local Happenings

Rev. Mortenson of Chicago is visiting his grandfather, Rev. Kjolheide.

Mr. E. A. Bury, and Mr. Huck, of Deleals of the N. Y. C., of Detroit, are here on business.

Mrs. Benjamin Short, and Axel Peterson of Detroit are visiting their mother, Mrs. Andrew Peterson.

Mr. and Mrs. Arthur McIntyre and son of State College, Penn., are visiting their mother, Mrs. Ella McIntyre.

Earl Woodburn and Mr. Drummond, of Detroit, spent the week end with their families at Lake Margrethe.

Mrs. Louis Herbison was hostess to a number of ladies at her cottage on the main stream last Thursday. A delightful afternoon was spent.

Mr. and Mrs. Fred Hansen and their daughter Mrs. Willard Campbell and husband of Mt. Pleasant are enjoying an outing at Lake Margrethe.

Mr. and Mrs. Nickolin Schjotz have been entertaining the former's nephew and wife, Mr. and Mrs. Otto Schjotz of Detroit. They returned home today.

Mr. and Mrs. A. J. McNelis have returned to Detroit after having spent a month at Lake Margrethe, occupying one of the Mrs. Hans Nelson cottages.

William McCullough, two sons, and C. I. Sebert of Detroit are visiting Mr. and Mrs. Chas. McCullough. The men are enjoying fishing on the East Branch.

Mrs. W. H. Nickless Jr. and family and Miss Jean Peterson spent Saturday at Sand Lake, visiting Harmon Nickless, who is attending a boys camp there.

Dr. Alfred C. LaBine of Detroit and Harley Hayes of Windsor, spent the week end at Lake Margrethe with their families. Mrs. LaBine and Mr. Hayes are sisters.

Benton Jorgenson of Detroit is visiting his parents, Mr. and Mrs. Adler Jorgenson. Miss Betty Jorgenson has been visiting her grandparents for most of the summer.

W. H. Nickless Jr., of Bay City spent the week end with his family at Lake Margrethe. Other guests were Mr. and Mrs. W. H. Nickless Sr. and Miss Carpenter, also of Bay City.

Mr. and Mrs. Howard Shepard and daughters, Misses Mary, Helen and Kathryn returned to their home in Cleveland, Ohio, Tuesday night after having spent the past six weeks at their cabin—Camp Whip-poor-will on the main stream of the AuSable.

A committee of the Crawford County Road commission are attending the road convention in Bay City yesterday and today. C. J. McNamara, Marius Hanson, and James Knibbs of Grayling and Erv Roe of Frederic are attending the meeting.

BEAVER TRAPPERS

When a nuisance beaver trapper goes out in the morning to discover his luck for the previous night he may expect to find anything in the live traps from a beaver to a porcupine, mallard duck or a turtle.

Trappers are employed by the Conservation Department to take care of "nuisance beaver" complaints. Beaver are captured by means of live traps and are taken from the place where they are doing damage to where they are desired. These live traps are set in shallow water above breaks in the dams or in channels which the beaver are known to frequent. The trigger, is placed under water as well as the rest of the trap and when the trap is sprung the jaws are released

THE GREATEST VALUE EVER BUILT INTO A FORD CAR

\$490

(F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost.)

WHEN you buy a Ford car today, you buy what is unquestionably the greatest value in the history of the Ford Motor Company. Never before has so much beauty, comfort, safety and performance been offered at such a low price.

The low price of the Ford is something to think about because it means an immediate saving of many dollars—always an important consideration. But far more significant than price alone is what you get for that price. When high quality is combined with low price, you may justly take pride in having found a most satisfactory purchase.

See the Ford—ride in it—learn something about the value that is built into every part. The more you know about it, the more certain you will be that it is the car for you. It is literally true that when you "get the facts you will get a Ford."

ELDORADO NUGGETS
Mr. and Mrs. R. L. Jackson, entertained Mr. and Mrs. W. B. Chatterton and family of Pontiac over the week end.

Mrs. Edward Louster who has been spending the summer at the Creeque cabin on the AuSable, returned to her home in Flint Monday.

Mr. E. W. Jordan has left his summer on the river enroute to his home in Grove City, Penn.

Miss Bessie Lamm of Chicago arrived Saturday for a visit at the home of her sister, Mrs. Conrad Wehner.

Word was received here of the death of Charles Cook who was a pioneer in this neighborhood. His burial took place in Rock cemetery here Wednesday afternoon.

Mr. and Mrs. V. G. Bush, of Pontiac were callers in this vicinity last week.

Dr. and Mrs. Wm. Currie and daughter of Detroit and Higgins Lane called here Sunday.

Mr. and Mrs. James F. Crane and Morton Kline and daughters were visitors at the home of Mrs. Rose Gile near Higgins Lake last Sunday.

Mrs. Minnie Kreuzer left last week for Chicago where she will remain indefinitely.

Mrs. McCleary and Mrs. MacNeil who with their children have been

spending the past week at the McGuire cabin, returned to their homes in Wyandotte Monday.

Dr. C. R. Keyport was called Tuesday to see Mrs. James F. Crane, who is quite ill.

POTPOURRI

Origin of Tuning Fork
The tuning fork is the invention of John Shore, trumpeter for George I of England. Its pitch varies according to the thickness and length of its two steel prongs. The usual instrument sounds only one note, middle C or the A below it, although the German model has a slide on each prong which regulates the pitch.

Outside of Crawford County and Roscommon per year \$2.50

THURSDAY, AUGUST 13, 1931.

A CERTAIN man was heard to remark that he was giving part time employment to two men which earned for them about \$125 each per day. They worked a few days and quit, saying that they were getting more than that from the county for their families, without working, and that if they worked this county does would stop. If this report is true the men should be exposed and payments from the poor fund stopped. Any self-respecting individual would much prefer to give something in return for what he receives than to receive charity. There are no doubt many cases where there is sickness on the part of the bread winner or reasons beyond his control preventing him from earning a living, which is excusable. But in cases where there are able bodied men in the family, they should be required to work for their doles—in cases where the county must support the family. An honorable man would rather work for what he gets, and there are plenty of ways in which to do so. For instance the roadsides are high with weeds in many places that could be cut down and the places cleaned up. This is only one suggestion and no doubt there are many more good ideas that could be carried out. We like Grand Rapids' slogan—"Charity for none; a job for every man." That city pays out a lot of money to care for needy families, but where there is an able bodied man in the family, he must give some service in return. It costs the taxpayers of Crawford county a lot of money to care for indigent families. We have every sympathy for such, but we don't believe one should waste sympathy on the fellow who won't try to help himself. If the county poor commissioner or anyone in authority wishes to know the names of the men above referred to, we will be glad to give the information. The report should then be investigated to ascertain its merits.

WHILE the pulse of moral-minded Americans have beaten out of tune with the principles of officialdom of Reno, still apparently little concern is being manifest. It is refreshing to read in the San Marino (Calif.) Tribune the following editorial entitled "Reno—The City That Has Lost Its Soul." It reads as follows: People there are who envy Reno, the city which thrives (financially) on broken homes and hearts. They overlook the potent truth, that "a good name is more to be desired than great riches." Reno has sold its good name for riches, and thereby gained ignominy, and contempt from those who have not parted with conscience and reverence for the old-fashioned virtues. The divorce mill ground too slowly in the first instance to suit the cupidity of the fast Nevada metropolis, and upwards of 2000 divorces in one year was "a slow a gait for a fast town to go, hence the time limit for gaining a residence had to be moved down to three months. Reno has lost its soul, and capitalizing as it has to the underworld of the rip-tides of crass commercialism, represented by gamblers without conscience, lawless mortgagors to mammon, bootleggers, et al. with mayor and chief of police whose desks of office are daily dis-

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been overstimulated, and food sours. The corrective is an alkali, which quickly neutralizes acids. And the best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali neutralizes instantly many times as much harmful acid, and then the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Get the genuine Phillips' Milk of Magnesia, the kind physicians have prescribed for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

ANNUAL SCHOOL REPORT

GRAYLING SCHOOL DISTRICT NO. 1

Initial balance on hand July 1st, 1930	\$ 4,644.45
Received from General Fund	2,584.44
Received from Primary Fund	2,584.44
Total receipts including balance on hand	\$ 9,813.33
Expenditures:	
To orders drawn on Library Fund	184.28
To orders drawn on Primary Fund	2,584.44
To orders drawn on General Fund	2,584.44
Total of orders drawn	\$ 5,353.16
Balance on hand July 1st, 1931	\$ 4,460.17
Total	\$ 9,813.33
Primary Fund	
Balance on hand July 1st, 1930	\$ 1,383.25
Received Sept. 16th, 1931, Primary Interest Fund	11,420.80

Watching the Game

For spectator sportsmen, this neat little jacket of pressed canvas, topped with charming lace, is a real find. It is made of a durable material, is worn by M. J. Damita, Radio Pictures star. A man in a suit, purse, belt and gloves of black, give the final touch.

Fat Girls! Here's A Tip For You

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat" and brings "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 85 bottle of Kruschen Salts at Mac & Gidley's or any drug store (lasts 4 weeks)—you must be satisfied with results or money back.

STATE OF MICHIGAN

The Probate Court for the County of Crawford.

At a session of said Court, held at the Probate Office in the Village of Grayling in said County, on the third day of August, A. D. 1931.

Present: Hon. George Sorenson, Judge of Probate.

In the matter of the estate of Lester T. Olson, deceased.

George N. Olson, a brother of said deceased, having filed in said court his petition praying that the administration and settlement of said estate be granted to said George N. Olson or to some other suitable person.

It is Ordered, That the first day of September, A. D. 1931, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Crawford Avalanche a newspaper printed and circulated in said county.

GEORGE SORENSON, Judge of Probate.

A true copy.

George Sorenson, Judge of Probate.

TO THE OWNER OR OWNERS OF ANY AND ALL INTERESTS IN OR LIENS UPON THE LANDS HEREIN DESCRIBED:

Take notice that sale has been lawfully made of the following described land for unpaid taxes thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof at any time within six months after return of service of this notice upon payment to the undersigned or to the Register in Chancery of the County in which the land lie, of all sums paid upon such purchase, together with one hundred per centum additional thereto, and the fees of the Sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars for each description, without other additional cost or charges. **POISON
in Your bowels!**

Poisons absorbed into the system from souring waste in the bowels, cause that headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to people of all ages. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drug on sell.

**DR. W. B. CALDWELL'S
SYRUP PEPSIN
A Doctor's Family Laxative**

Some twenty-eight ladies gathered at the community room at the Wolf farm home Saturday on the lake road for a pot luck luncheon, bridge and to wish Mrs. Olaf Michelson "Many happy returns of the day." Mrs. C. R. Keyport and Mrs. Michelson were prize winners. Mrs. Ethel McKay and Mrs. Clapp of Bay City were out of town guests.

Sheriff and Mrs. J. E. Bobenmoyer and son Donny drove to Jackson Saturday, accompanying the former's sister Mrs. Viola Myers that far where she was met by her son and wife, who took her the rest of the way to her home in Lima, Ohio. Mrs. Myers had been here since the forepart of July in an effort to get relief for her ill health. She left somewhat improved.

Grayling was visited by a couple of good rains over the week end that soaked the ground and are sure to do a lot of good. As we hadn't had a rain for weeks things were getting pretty dry and it looked as though a lot of crops were going to be ruined for want of moisture. It rained all afternoon Saturday, there was a shower Sunday night and it rained again on Monday. This time of the year too the woods get terribly dry and with so many berry pickers and campers there is so much danger of forest fires becoming started. The rain came as a big blessing.

Gaylord State Savings Bank Increases Capital

Additional Security Provided for Depositors of This Bank.

Capital, to be Increased, from \$25,000 to \$50,000 Surplus, to be Increased, from \$25,000 to \$50,000

At a recent meeting of the Directors of this bank it was decided to greatly enlarge and strengthen the capital structure of the bank in order to make this the outstanding bank in point of strength in Northern Michigan. This is being accomplished through a DOUBLING of both the Capital and Surplus accounts.

Capital	\$ 50,000.00
Surplus	50,000.00
Undivided Profits	21,000.00
Reserve Account	15,000.00
Total	\$136,000.00

The above statement denotes a degree of strength seldom found in rural banks. This bank has always had a splendid reputation for safety and fair dealing. It is the aim of the present stockholders and directors to merit that reputation for this bank even more in the

Among the subscribers to the new stock is Mr. Chas. A. Bigelow of the well-known firm of Kneeland-Bigelow Company of Bay City. Mr. Bigelow has extensive interests in this section and is well known to

STATE OF MICHIGAN

In the Probate Court for the County of Crawford.
In the matter of the petition of Grover C. Dillman, State Highway Commissioner for the State of Michigan, for condemnation of private property for public highway purposes in Maple Forest & Frederic townships, Crawford County, Michigan.

At a session of said Court held at the Court House in the Village of Grayling in said county on the 8th day of August, A. D. 1931.

Present: Hon. George Sorenson, Judge of Probate.

It appearing to the Court that Grover C. Dillman, State Highway Commissioner for the State of Michigan has this day filed in this Court a petition praying for the appointment of three Court Commissioners to appraise the damages to be paid as compensation for the taking of an easement for public highway purposes in, over, and upon certain private property therein described, and it appearing to the Court that the said Grover C. Dillman, State Highway Commissioner for the State of Michigan, did on the 1st day of June A. D. 1931, make and file in his office a written determination of the necessity of improving the highway known as trunk line road number US 27 in Maple Forest & Frederic townships, Crawford County, Michigan, by constructing the necessary grade and drainage structures and surfacing to a width of twenty feet with asphalt on gravel, in accordance with a survey thereof and plans and specifications made under the supervision and direction of said State Highway Commissioner, and the necessity for taking an easement for public highway purposes in, over, and upon the particular private property therein described, and the damages which in his opinion should be paid as compensation for the taking of said easement in, over, and upon each parcel of said property, in accordance with the provisions of Act 362, Public Acts 1925, as amended, and that all proceedings thereafter were in accordance with said Act as amended, that the said petitioner has taken or is about to take possession of the property described in said determination in, over, and upon which it is necessary to acquire such easement for said public highway purposes, that the said petitioner has been unable to agree with the persons interested as owners or otherwise in any of the said described property on the damages to be paid as compensation for such taking, that the description of said property and the names of the persons interested therein, as owners or otherwise, so far as known, who reside in the county of Crawford and those persons mentioned in the attached descriptions as being residents of other counties, or states, are as follows:

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES
OF THE AVALANCHE OF 23 YEARS AGO.

Thursday August 13, 1908

Geo. E. Pomeroy and wife of Toledo came up to his (Simpson) lake last Friday and took home a fine mess of trout and bass Monday.

J. V. Miller, C. F. Dickinson, Geo. F. Owen and Joseph Simms of Lovells were in town Monday, all happy and feeling good over the crop prospects.

E. E. Hartwick and family came up from Jackson Saturday for their summer vacation and harvest of pure air. They are ever welcome, and it seems as though they belong here.

Mrs. Arthur Metcalf (formerly Miss Ella Dwyer) arrived here from Paso, Washington last Saturday, for a visit for the balance of the summer. She is greatly pleased with that country and its future prospects.

James and Ernest Aldrich with their wives of Tekonsha are welcome visitors at the home of their sister, Mrs. Geo. W. Broth. They are surprised at the prospect of this country, which they had supposed to be worthless.

Married—At Detroit, Monday, Aug. 31, Miss Nellie Schoonover and William G. Feidhauser, both of Grayling. The happy pair will be at home after November 1st, at the Maple Forest Farm. Congratulations and best wishes are in order.

A. H. Annis of Beaver Creek was in town last week, the second time this year. He is looking fine, and has no pain, but when he gets on his feet, finds that he is hardly able to walk. It is hard him, but vastly better than when added to helplessness, he suffered intense rheumatic

pain.

Bill Peck, editor of the Fowlerville Standard with Fred Rathbun, Claude Goodrich and Oral Miner of that city came up last Thursday morning and took a boat down the river for Oscoda. They were armed with a camera, and expect they will find a grand trip. They will use ten days or two weeks enroute.

Charles Johnson of Hardgrove has started his threshing machine.

Mrs. Mable Martin, the photographer has gone to Lewiston for picture making, for a time.

Died—Wednesday, Aug. 11th, the daughter of Mr. and Mrs. Arthur Ostrander, aged 16 months.

Mrs. Effie Whipple (nee Ostrander) came over from their home in Kalkaska, Tuesday with the children for a visit with the family and friends.

Miss Francisella Wingard and brother Willie are enjoying a visit this week at the home of their uncle, John Corwin, near Roscommon.

Charles Johnson of Maple Forest starts his threshing machine this week. He will start it at home so as to be sure it is all right before he takes the road.

They all come back. The latest is the return from Patonkey of Solon Holbrook and family, who after two years trial have decided that Grayling is the best place yet. Their friends are glad to welcome their return.

Mrs. H. J. Osborne expects to close out her millinery business and move to Mackinaw City in the very near future.

The place of John Dolan in the

Central Drug Store is filled by Mr. G. W. Roesser, of Saginaw, an experienced pharmacist, who comes to us with the highest recommendations. We trust this new home will prove pleasant and profitable to him.

Several of the Danish young people of this place are going to attend the annual convention of the Danish Young Peoples society, held at Marquette the 15 and 17 of this month. The following are intending to go: Laura Nielsen, Lena and Nora Petersen, Agnes Hanson, Elmer Rasmussen, Harriet Sorenson and Rev. A. C. Kildegaard.

Lovalis Locals (28 years ago)

L. Fournier of Grayling was in town Monday.

Will Johnson and wife of Maple Forest were calling at Lovells Monday.

Mr. Ellis of Kansas City, Mo., is the guest of Dr. Underhill.

T. E. Douglas and wife were at the county seat Wednesday.

Miss Julia McCormick, while bathing Saturday in the river, cut her foot quite badly. Dr. Knapp was called and dressed the wound, she is improving at present.

E. S. Houghton and wife went to Grayling Wednesday to have Mrs. Houghton's finger dressed. The Dr. amputated the end of her finger in order to save it. All this trouble was caused by getting a shiver in her finger.

Mr. and Mrs. Dudd of Johannesburg are having their outing. At present they are camped at Dam 4.

T. Walking was at St. Helen Tuesday. Tom looks lonesome at his wife and the children are off on a visit.

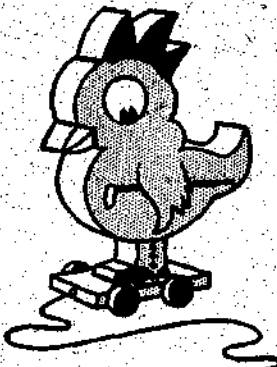

Miss Margaret Hosted started West Thursday morning. She expects to be gone about one month, and will spend the most of her time at Denver, Col.

Mrs. Davis was doing business at Johannesburg Monday.

Water Vapor in Gas

The bureau of standards says that usually both coal gas and water gas leave the manufacturing plant saturated with water vapor at the temperature of the coldest piece of apparatus through which they have been passed. This may be a condenser or scrubber or it may be the gas holder. The amount of water vapor in the gas depends upon the temperature and not upon the character of the gas.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always a cause. As harmless as the recipe on the wrapper, mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A corded tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.
